<b>Documentation Required:</b>		Passport/birth certificate required.
<b>Billing Information:</b>		Only applicable with Non-Ontario residents. Forward to TGLN business office.
<b>Departure/Arrival Location:</b>		Document which airport flight is departing from, and where landing.
<b>Special Considerations: Ontario</b>		<b>All destinations</b> - If both thoracic and

	<p>abdominal organs are being recovered, <b>two return flights</b> are necessary to transport the heart and/or lung teams back prior to the completion of the OR, to minimize CIT. Two flights going to the recovery may be required if there is not enough room for all the team members.</p> <p>If the bone team is recovering after the organ recovery, they may travel out with the organ recovery team, but will arrange their own return flight.</p>
<p><b>Special Considerations: Canadian</b></p>	<p><b>Non-Ontario Residents</b> – If arranging the flight for the receiving center, Air Ambulance (A.A.) will not cover the cost of a flight for a non-Ontario resident. Special authorization from AA is required. This includes non-Ontario residents transplanted by an Ontario transplant program, and organs sent to Non-Ontario transplant programs when there is not enough time for the receiving program to arrange a flight.</p>
<p><b>Special Considerations: USA</b></p>	<p><b>Flights returning from US</b> – Notify AA with known departure time from a US city for teams returning to Toronto, as Air Ambulance is required to inform customs.</p>
<p><b>Directions:</b></p>	<p><b>Peadmont (former Shell Aerocentre)</b>  2450 Derry Rd. East (905)677-5770 QEW  W to Hwy 427 N, take Airport Rd exit.
